●●● FEMA DISASTER ASSISTANCE ●●●

All individuals who were impacted by the fires in Monterey and Santa Cruz Counties should apply for FEMA assistance. Please call 1-800-621-FEMA (3362) or go online at www.DisasterAssistance.gov.

The Administration has issued a major disaster declaration for the regions impacted by the Central California fires, ordering federal aid to supplement state and local recovery efforts to areas, which has displaced many families and destroyed thousands of homes.

The Federal Emergency Management Agency (FEMA) is the primary federal agency tasked with helping individuals, businesses, and public entities recover after a disaster. All individuals impacted by the fires should register through FEMA at www.disasterassistance.gov.

FEMA individual assistance allows homeowners to qualify for grant money and services to people in the declared disaster area whose property has been damaged or destroyed and whose losses are underinsured or not covered by insurance.

●● HOW TO APPLY FOR FEMA DISASTER ASSISTANCE ●●

All individuals who were impacted by the Central California fires should apply for FEMA assistance. Please call 1-800-621-FEMA (3362), go online at www.DisasterAssistance.gov.

The toll-free telephone numbers will operate from 4 a.m. to 8 p.m. Pacific Daylight Time seven days a week until further notice.

●●● FAQs ABOUT FEMA ASSISTANCE ●●●

All individuals who were impacted by the Central California fires should apply for FEMA assistance. Please call 1-800-621-FEMA (3362), go online at www.DisasterAssistance.gov or visit a Local Assistance Center as soon as possible.

Do I have to register with FEMA to get help? Yes, with very few exceptions, if you want federal assistance you must register with FEMA, either by telephone (1-800-621-FEMA (3362)), online (www.DisasterAssistance.gov) or at a Local Assistance Center. You will need your FEMA registration number for future reference.

What is the difference between FEMA and the SBA? FEMA coordinates the Federal Government's role in preparing for, preventing, mitigating the effects of, responding to, and recovering from all domestic disasters. SBA, on the other hand, is the Federal Government's primary source of money for the long-term rebuilding of disaster-damaged private property. SBA helps homeowners, renters, businesses, and non-profit organizations repair or replace real estate, personal property, machinery and equipment, inventory, and business assets that have been damaged or destroyed in a declared disaster. These disaster loans cover uninsured and uncompensated losses and do not duplicate benefits of other agencies or organizations. For information about SBA programs, applicants may call 1-800-659-2955 (TTY 1-800-877-8339).

Where can I find updated information from FEMA? For a three-step Disaster Assistance Process and recent news on disaster response and recovery, please visit <http://www.fema.gov/apply-assistance>. If you are looking for the nearest Disaster Recovery Center, go to <http://www.fema.gov/disaster-recovery-centers>.

●●● SMALL BUSINESS ADMINISTRATION DISASTER LOANS ●●●

The Administration also approved U.S. Small Business Administration (SBA) loans for homeowners, renters, businesses, and nonprofit organizations. The SBA loans are to help businesses repair or replace disaster-damaged property, inventory, and supplies, or to cover working capital costs. Homeowners and renters may also be eligible for SBA loans to repair or replace disaster-related damages to homes or personal property.

Businesses in eligible primary counties (including Santa Cruz and Monterey) are eligible for physical disaster loans to repair or replace disaster-damaged property. Businesses in contiguous counties (including San Benito, and Santa Clara) are eligible for Economic Injury Disaster Loans (EIDL) which provide working capital loans if their business is affected by the wildfires.

What You Need To Do

Begin by registering with FEMA if you haven't already done so by calling **1-800-621-FEMA (3362)** or visiting <http://www.disasterassistance.gov/>.

Homeowners and renters should submit their SBA disaster loan application, even if they are not sure if they will need or want a loan. If SBA cannot approve your application, in most cases they refer you to FEMA's Other Needs Assistance (ONA) program for possible additional assistance.
